On December 22 countless groups around the world will be celebrating the birthing of a new humanity.

To celebrate the Festival Week of the New Group of World Servers, which occurs every 7 years, Lucis Trust will be holding events in 3 major cities: New York, London & Geneva.

In New York the event will focus on the group as a unified field of mind and heart, bridging between inner reservoirs of limitless love, light and purpose and the outer world of human affairs.

Meditation Meeting for the Capricorn full moon ➡

Lucis Trust presents:

Capricorn Meditation Meeting

7:00 - 8:00 Thursday, December 27, 2012
Theosophical Society, 242 East 53 Street, New York, NY

On December 28 the Festival Week of the New Group of World Servers culminates with the full moon in Capricorn at 5:22 AM EST. Alice Bailey suggests that when the Capricorn full moon occurs within the seven year Festival Week there is an especially potent flow of energy into humanity. We will meet on Thursday evening, just before the actual time of the full moon.

If you are in the New York City vicinity please join us for this important gathering. Together as part of a worldwide meditating group we will invoke the lighted, loving energies of divinity and radiate these energies out to all who love and serve.

If you are not able to be present at the meeting please link in subjectively from wherever you are. Contact us if you would like to find a local gathering.
